

Clean Air Fair 2007

Sponsored by the TN Department of Environment and Conservation
Division of Air Pollution Control

Find out how improving air quality can improve your health, quality of life, and environment!

- ♦ Find out how to improve indoor air quality at your home, business, or school
- ♦ Sign up to receive Ozone alerts and be entered to win a free night at a State Park
- ♦ Learn alternatives to burning and other environmentally safe methods to dispose of household waste
- ♦ Learn how to limit your exposure to airborne pollutants
- ♦ Receive a free auto emissions test
- ♦ Find out how simple lifestyle changes can improve your air quality

Learn how you can make a difference now!

If we all do our part, we will improve the air quality in Tennessee for our children and future generations.

Date: May 24, 2007

Time: 10:00am-2:00pm

Location: Bicentennial Mall
